

LOOKING NORTH on what will be a continuation of 80th Av. when the work is completed. Sometime around Dec. 10 is the guess. This will give a connection between 191st St. and 183d St. The new road will be carried over I-80. The reason for this lies in the fact that 76th Ave. which runs south from 183d on the outskirts of Tinley Park will be closed to traffic. I - 80 --- a controlled access expressway --- crosses 76th so 76th must be eliminated. Until the 80th Av. connection is completed, however, the state highway department arranged for a by-pass on 76th so 191st can still be used between Tinley and Mokena.

1 Dead, 1 Injured In Two-Car Crash

The condition of Dr. Irving Rudman, 43, of 105 Locust St., Frankfort, a surgeon with the Hedges Clinic, is reported as improved. Dr. Rudman was injured early last Saturday morning in a 2-car crash on U.S. 30 a mile west of New Lenox, in which the other driver, David L. Novak, 27, New Lenox and Mokena, was killed.

According to state police, witnesses told them that Novak had passed them driving west with his headlights off. His car was reported to have veered off the pavement, ran along the shoulder about 100 yards, and then shot across the highway into the east-bound lane, striking the Rudman car.

Dr. Rudman had been performing some emergency surgery at Silver Cross Hospital and was on his way home about 2 a.m. when the crash occurred.

Dr. Rudman has a fracture of the left arm, a fracture of the pelvis and deep facial and head cuts.

Novak was pronounced dead on arrival at Silver Cross. He was employed by the Nelson Tree Trimming

Mokena Fire Siren To Top Water Tower

The Mokena fire siren will be out of service Saturday, Sept. 16 from 8 a.m. to 1 p.m., it was announced this week by Fire Chief Robert Rust.

The siren, now located on a pole on the village hall site is to be installed at the top of the water tower. It is believed by increasing the elevation the siren will have greater carrying power.

Fred Rauch will coordinate the move for the village and the fire department.

ticipating members of the chamber will defray the cost of these receptacles by displaying their business advertisements on the sides of them.

Mayor Book announced that the Village Board will assist this project by appropriating funds for the removal of waste from these cans on an annual basis. The Mokena Pharmacy is serving as chairman of this project.

The chamber will also continue their membership in the Joliet Regional Chamber of Commerce. Swanberg Implement will once again head up the annual chamber sponsored "Outstanding Citizen" night.

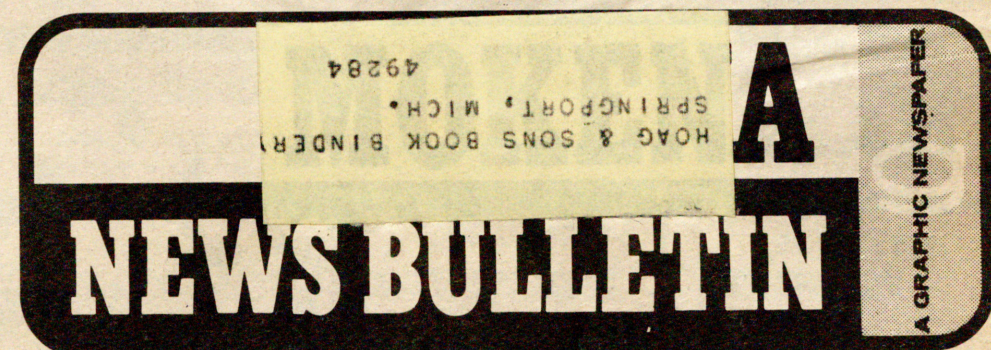

It was decided that all meetings in the future will be open to the public, should anyone wish to attend. Plans are in the making for decorating our business district for the Christmas Holidays. All help will be welcomed and anyone wishing to, may call Art Melin, 479-9333 for further details.

President Will Tuttle commended Donald Proper and Chester Ebert for many hours of labor in cleaning off the Rock Island parking lot.

The next monthly meeting of the chamber will be held on Monday, Sept. 18 at 7:30 p.m. at the Willow-Crest School with a free buffet dinner served to all members, representatives and their wives. Mr. Eugene Silverl, Exec. Vice-pres. of the Joliet Chamber of Commerce will be the guest speaker.

A WELCOME GIFT -- State's Attorney George E. Sangmeister in his capacity as trustee of the Bertha A. Thelaner Charitable Trust presented a check for \$3,561.90 to Eris Rudman, chairman of the Special Park Committee. For the past seven years the SPC has worked for many improvements for Frankfort Community Park, as has the Frankfort Lions Club. The Lions sponsored a program for the construction of two tennis courts, so built as to also serve as basketball courts and an ice rink. The SPC undertook to pay for one of the courts and this check will do it. (Graphic Newspaper photo)

Will Keep 76th Av. Open For Use Of School Buses

The Tinley Park Rd. -- as 191st St. is usually called between U. S. 45 and Tinley -- was ordered closed to traffic Sept. 6 but thanks to P. E. Tanner, district construction engineer of Dist. 1, state highway department, a temporary by-pass on 76th Av. will keep the road open until the permanent connection between 191st and 183d Sts. is completed on 80th Av.

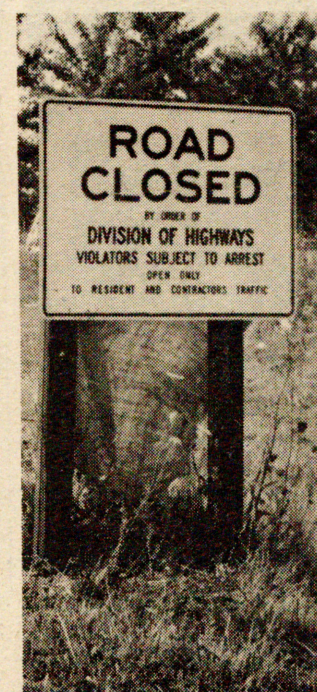

Mr. Tanner and Supt. A. Hunter Chapman, of Lincoln-Way High School, had several conversations last week and when the needs of the high school and Arbury Hills grade school, the Mokena and Frankfort fire protection districts were explained, Tanner agreed that the road should be kept open until the work on 80th Av. is completed.

The by-pass will be established on the east side of 76th crossing over the cement traffic strips that have been down for longer than the period needed to cure them. This is at the point where I-80 crosses 76th. When I-80 is in operation 76th Av. will be severed at the point of crossing.

Lincoln-Way high and Arbury Hills school districts were concerned because they operate buses that pick up students along 183d as well as along 191st. With 76th Av. closed such buses would have to backtrack on their routes, causing considerable alteration of schedules and confusion.

The fire departments of Mokena and Frankfort, Mo-

kena especially because Tingley and Mokena exchange services frequently, are pleased to have the problem settled. Going the long way round could make a material difference in fighting a fire.

Work is progressing on 80th Av. and it is expected the work there will be finished and the road in use by the time I-80 is open. It is expected that traffic will be rolling on I-80 by Dec. 10, according to engineers estimates.

It is possible that the contract for bridge over the Rock Island tracks west of U. S. 45 will be let this year and some work done there this winter. If the contract for the cloverleaf at I-80

Rival Unions Bring Strike To Sink Firm

A jurisdictional dispute between members of rival unions is blamed for a strike by truck drivers at the S & S Sink Top Co. at Frankfort.

The drivers stopped work Monday and set up picket lines which other employees are reported to have ignored.

At an election a couple of months or so ago a majority of the employees voted to have the Carpenters union as their bargaining agent. The truck drivers declined to buy that and signed up with the Teamsters Union.

The company's position was reported to be that since it had signed a contract with the Carpenters it could sign now with the teamsters.

In the course of the picketing yesterday one of the teamsters is alleged to have pointed a gun at one of the picket-passers but no one appeared against him when the man was taken to court and the case was dismissed.

Arbury Hills Again Talks Annexation

At the meeting of the Mokena village board last week a delegation from Arbury Hills again brought up the subject of annexation.

Village Attorney Ronald Galowich was not present at the meeting, another attorney having taken his place that evening, but the next day he got in touch with a spokesman for the Arbury Hills group and outlined the steps that would be necessary for annexation and the information the village would require before any conclusions could be reached.

An Arbury Hills group had previously approached the Frankfort village board on the subject of annexation but no conclusions were reached.

One of the questions confronting municipalities in annexation proceedings, it has been pointed out, is whether the cost of services, including the maintenance of streets, would exceed what might be the probable tax returns.

Girl Cyclist Injured When Hit By Auto

Theresa Diane Watts, 9, of 115th Av. and 198th St., suffered knee and arm injuries last Thursday afternoon last week when struck by a car driven by Robert C. Pierson, 103 Glennell Av., a locomotive engineer for the Rock Island Lines.

The accident occurred about 5:45 p.m. at the junction of Francis Rd. and 115th Av. The child came off 115th Av. and was turning east on Francis when she was struck by the west bound car.

Will County police arrested Pierson on a charge of traveling too fast for conditions. The child was taken to Silver Cross hospital. After undergoing emergency treatment she was released to her parents. They called in the doctor they had while residing at Chicago.

Garden Club Presents Show At Manhattan

the new body, as is customary when such agencies are formed.

The board of local improvements can order improvements thru special assessments. There was talk about paving Ravinia Av. thru this means but Pieper pointed out that before the board of local improvements can hold a hearing on a proposed improvement it must have all the data as to cost as well as engineering plans.

Before the village does anything further with the proposed surfacing of Ravinia board members will meet with property owners for an informal discussion. If enough of the owners want the improvement then the board may give Village Engineer Mark Lovejoy authority to proceed with plans. On the otherhand if the property owners are opposed the matter probably would

be dropped, it was said.

Mayor Doogan asked to have a study made as to the feasibility of putting a passage under the Wabash tracks to give an entrance into the Orland Park Hills park and of putting a pedestrian bridge over U. S. 45 at 151st St. for the protection of school children. Doogan wants to know if such projects could be built thru motor fuel tax money.

A red light is to be installed at 143d and Beacon that can be operated from the fire station to insure clear travel there on runs.

Kay Lothenore has been hired as a school crossing guard.

Building permits were granted Hillcrest Builders to erect two dwellings in Brentwood Hills, one at 9125 W. 144th Place and the other at 14445 S. Mason. Each is to cost \$23,500.

Grade School Opens With A Full Staff

The Orland schools opened last week with a full teaching staff, including a total of 13 teachers new to the district. The last vacancy was filled on July 15. School officials expressed their pleasure and relief, considering the fact that many neighboring schools were in desperate need of teachers up to the opening day of school.

However, space for these teachers and their classes is an entirely different picture, according to Supt. Norbert Jerling.

"With student enrollment exceeding 1500, we have come as close as we have ever been to double or half-day sessions," Jerling said. "Only by using substandard areas, rented facilities, and rooms designed for other purposes were we able to open our doors with full day sessions."

Two areas formerly the

superintendent's office are now classrooms. The office is now located apart from the school in the former American Legion Hall basement at 9449 West 143rd St. A total of nineteen temporary rooms are being used as classrooms this fall. With the completion of the Junior High School, five of these will still be in use.

The solution to the space dilemma is being brought to the public on Saturday, Nov. 4. At that time a bond issue for \$900,000 and a rent referendum for \$40,000 will be acted upon by the voters.

The rent referendum is necessary because the board is following the process required when construction is undertaken by the Illinois School Building Commission. Orland grade district has taken advantage of this means of building on several occasions. It saves a lot of interest.

"How can I get my money back? I just dialed a wrong number."

Whether it's your finger that slips or our equipment, we don't want you to pay for a wrong number. Here's what to do so you won't be charged.

Dial the Operator. Tell her you've reached a wrong number. She'll see that you're not billed for the call and help you get the right number.

If you've called from a pay phone, either local or Long Distance, the Operator will either connect you with the number you wanted, or see that a cash refund is mailed to you.

Here's another tip that will help us give you better service.

If you are ever cut off—or get a bad connection—during a Long Distance call, hang up. Then the person who placed the call should dial the Long Distance Operator and tell her what's happened.

She'll get you a good connection, and make certain you aren't charged for the time your call was interrupted.

We offer these suggestions as part of our effort to help you get the most from your telephone service.

"Thanks for your help, Operator."

It was sweet revenge for the heavy weight team of the Burro's Boys football team on Sunday, Sept. 3, as they beat the Riss Park Redskins 19-6. Last year the Redskins buried the Burro heavies 56-0. The team, depending on a number of new members looked good in its debut. Lee Peterson, Gary Henschel, Dennis Nelmeier, Bobby Dicken, and Don Mojewski were recruits who played well. The first half went scoreless. After the Redskins lost the ball, the Burro's opened up and Pat Nelson ran 47 yards for the first score. Mark Krueger made the all important extra point on a plunge.

On Sunday, Sept. 10, the Burro's traveled far and wide. Early in the afternoon, they beat the Melrose Park Cowboys 18-6. From there they went to Schiller Park and beat the bears 54-0. This week the Burro's play their first home game. Franklin Park will play them in two games on Saturday. The first game is 2 p.m.

A mistake was made in this column last week in printing that Mr. and Mrs. Ross O. Leach observed their 40th Wedding Anniversary. The couple was married Aug. 22, 1917, so they observed 50 years of wedded bliss. Our apologies to them for any misunderstanding it may have caused them.

Open Letter from the HIRSCHS'

Dear friends,

Floral tributes are certainly in order at a religious burial. Memorials to honor the deceased, directed to a church or charity are a lasting tribute and are encouraged. This should not preclude floral tributes, which add such warmth and beauty to the funeral service, changing it from stark reality to a cherished memory picture.

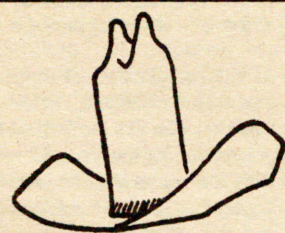

Respectfully,

Erin Hirsch

Valuable Player, D. Cappel. The Farm Team #3, Glen Pierce, manager; Most Valuable Player, J. Perittano. Congratulations one and all.

The Frank Louis Family on Poplar Street had a very busy August. Young Danny celebrated his fifth birthday with a family party including the grandmas and grandpas and assorted Aunts and Uncles.

The next week the clan gathered again this time to wish Susan Louis a happy third birthday. The usual amount of Happy Birthdays and candle blowing ensued to please the little one.

Not to be outdone by his youngsters, Frank Louis added a once in a lifetime thrill to his life with a hole in one on the golf course. Lorry will have to sew on a few popped buttons from his shirt. Good show, Frank!

Sorry there was no Ar-

bury column last week, but the Hovi family sneaked away in the darkness for a two week tour of Canada with a stopover to see my young sister-in-law safely married in New York first.

Expo 67 looks marvelous even on a cold, rainy day and Niagara Falls, thirteen years and five kids too late for a honeymoon is spectacular. Now back to the old grind.

Red Cross Unit Of Will County Names Nursing Director

Mrs. W. E. Dyer, former public health nurse in the Crete-Monee area, will direct the Red Cross nursing services committee.

Her appointment to the volunteer post for Will County Regional Red Cross was announced by George A. Travers of Joliet, regional chairman.

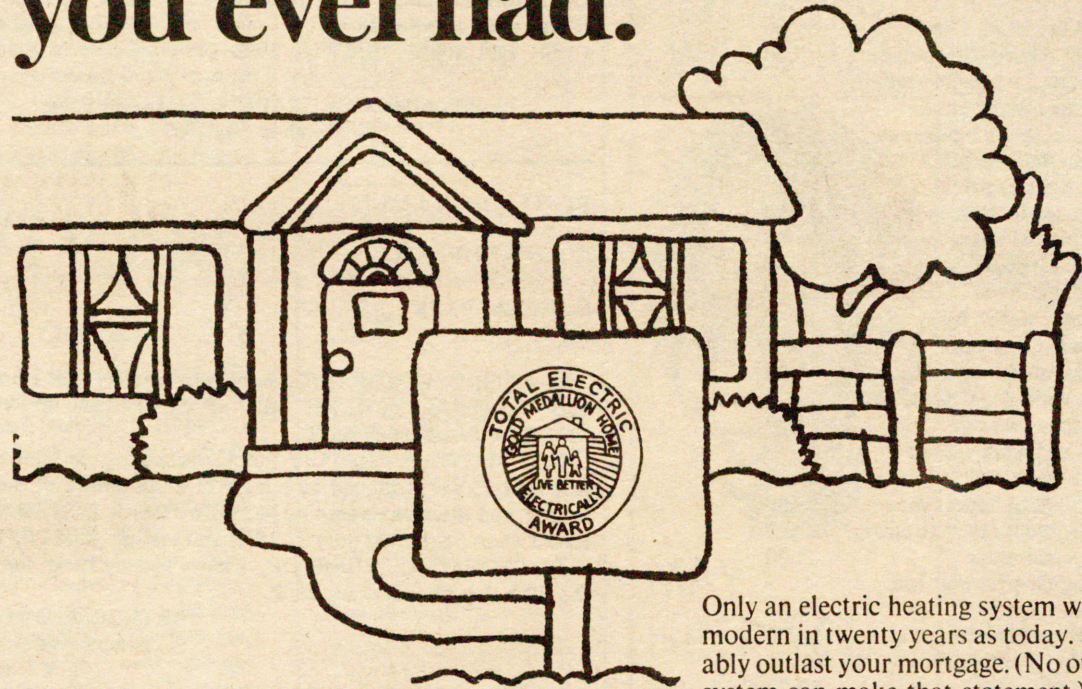

Mrs. Dyer worked for 24 years for Will County Health Department until her retirement in January. She graduated from St. Luke's Hospital nurses training school, Chicago, and did her public

health studies at the University of Chicago.

She will direct the Red Cross committee in its work of organizing free classes to help women care for the sick and injured in the home and to learn proper care of mothers and babies. The classes are presented wherever there is community demand for them.

Red Cross draws support for its nursing program and other activities from voluntary contributions to the United Crusade of Will County.

20 years from now the electric heating in your home will still be one of the brightest ideas you ever had.

Only an electric heating system will be just as modern in twenty years as today. It will probably outlast your mortgage. (No other heating system can make that statement.)

Electric heat has other things going for it, too. Like flexibility, cleanliness, economy of installation, silence, trouble-free operation, odorlessness, and five different types of systems to choose from.

All of which adds up to keeping your home bright and modern for many years to come. And electricity is making it possible. Check into electric heat... the modern heat.

Vote Registration Asked of Residents

JAMES PEYTON
Telephone: 532-1517

All people who have not registered for voting please note that you have until Oct. 7 and for those who do not know where to go you must register at the Cooper & Hostert Ford Garage in Mokena between the hours of 9 a.m. and 4 p.m. daily. Lets all get registered as soon as possible.

Thanks to the weatherman we finally had our community welner roast over the Labor Day weekend. The community was well represented however there were a few who could not make it due to prior commitments. We started with a father and son baseball game (which the sons won) on a real sharp and well cut playground. The boys cut the grass and painted the benches and garbage cans without even being asked and I think this group should be thanked for doing such a fine job. Lets all give them a big hand. Next we built a big bonfire and roasted hot dogs, had home-made ice cream, well cooled watermelon and plenty of cool pop, and after all this we adjourned to the home of Julius Sandy where Mr. Thomas Sumner showed slides of his and Mr. Leonard Bushen's vacations. On Labor Day itself we had a softball game with all who wanted to play playing (in-

cluding the girls) and then we roasted the remainder of the hot dogs and finished off the watermelon and pop with equal enjoyment as the day before and from all appearances everyone had a real tremendous weekend.

I would like to thank all who helped repair the bus shelters and entrance signs for devoting some of their free time to this worthy cause and also to the kids for trying to understand that these repairs were made for their benefit during the bad weather and also that this is the last time that repairs will be made due to the fact that we have no more lumber to repair them. If you see any acts of vandalism being committed please let us know so that we may take the necessary steps to stop this and so the rest of the kids don't have to suffer for the results of one or two bad eggs.

For all you football fans we have six boys playing in the organized football at Mokena. They would appreciate some local people coming out to cheer them on to victory and also to see that they can learn to play football as well as some of our boys learned to play baseball. I will try to get a schedule and keep you informed of their games as often as possible and will also look for you at the games.
